## Alumni Name Frank Heinisch Chairman for 1954 Fund Drive

General chairman of the 1954 Alumni Fund Drive is Frank C. Heinisch, '30, attorney and executive secretary of the Omaha education association. Heinisch attended the old OU law school and served on the Alumni Board of Directors for 16 years. He is past president of the Optimists Club of Omaha and was on the Board of Regents from 1952 to 1948.

The second annual drive will officially open Feb. 1. The three goals of the drive are to build up the Jenkins scholarship fund, to increase the Alumni gift for the new library, and to support the activities fund. Unspecified donations will be divided evenly between the three.

Letters explaining the drive and asking for donations will be mailed to approximately 4,000 alums. Teams of workers will contact alumni personally. A kickoff breakfast on Feb. 1 and a final report dinner on Feb. 12 is being planned for workers. Last year's donations amounted to \$1,727.50.

"The significant thing about the '54 fund drive is that we have specific goals and that two of these goals, the scholarship fund and the library gift fund, contribute directly to the University program. I think our alumni will want to take this opportunity to share in the University's develop-

## Adult Enrollment Tops 2000 Mark; New Record Set

For the first time in the 15-year history of the adult education program, enrollment has reached 2,000. This mark was reached and passed last week when the latest course of the semester was begun.

In addition, about 500 day students also enrolled for night courses.

Dr. Donald Emery, dean of the College of Adult Education, in commenting on the new high in adult registrations observed that "Omaha adults, like many other adults in the country, are finding that continuing education can and does make a difference in their jobs and in their lives. We shall continue to extend the services of the college to help adults receive the benefits from continued learning."

## Council Talks Parade Idea

The possibility of using a Centennial theme for this year's Ma-ie Day parade was discussed during the Monday Student Council meeting. The Council decided to submit the idea to campus presidents at the Prexy Party next Wednesday. The Centennial idea was recommended in a Gateway editorial last week.

Members agreed to handle the publicity for "Brigadoon," this year's student musical. Publicity costs will be taken from the Student Council fund. The Council will also be responsible for distributing tickets to high schools throughout Omaha for the special matinee performance.

Jim Erixon was appointed chairman of the budget planning committee. Rae Johnson and Joan Haven are members of his committee.

## University Panel Speaks to Clubs

The University's Panel of Americans is again speaking before local clubs. On Saturday, Jan. 16, the Panel will speak for the Eta Chapter of Delta Kappa Gamma. The following Monday, Jan. 18, the Omaha Women's Club will hear their discussion on racial and religious tolerance.

The Veteran's of Foreign Wars will be host to the Panel on Tuesday, Feb. 23, while on Wednesday, Mar. 3, the group will speak to The Unitarian Womans' Alliance.

The Panel of Americans is composed of Becky Chartier, Terry Young and Marcia Morris.

## Gateway Movie

A newsreel will be given in the student lounge at 10:30 a. m. and 1 p. m. next Wednesday. The weekly movie project is sponsored by the Gateway and handled by Audio-Visual Aids Director Ruth Moline and Mrs. Babette Crowder, student lounge hostess.

## President Bail Outlines Plans For 'Opportunity Unlimited'

Presidents and personnel managers from 50 Omaha firms met with chairmen of the Downtown Kiwanis Club and OU Vocations Exposition committee Tuesday. OU President Milo Bail and Vice-president Charles Hoff outlined plans for the exposition, which will be held March 15 to 19, and discussed the arrangement of booths in the field house.

## Letters Come From Abroad

Letters of application from Korea, British Guiana, Hawaii, Japan and other places all over the world have been sent to the Registrar's office. There are many displaced persons attending night school now and several children of displaced persons attending day school announced Registrar Alice Smith. Most of them come from Eastern Europe. Students from Guam, India and Japan have attended the University during the past years.

At the present time approximately 60 per cent of OU students have registered for next semester. Miss Smith urges that students register soon.

In addition to classes listed in last week's Gateway, the following classes have been closed:

## Union Group Submits Plans to Architects

Plans for OU's proposed Student Union are ready for the architect's drawing board. Members of the Union Planning Committee met and approved the plans they had been formulating in the last two years.

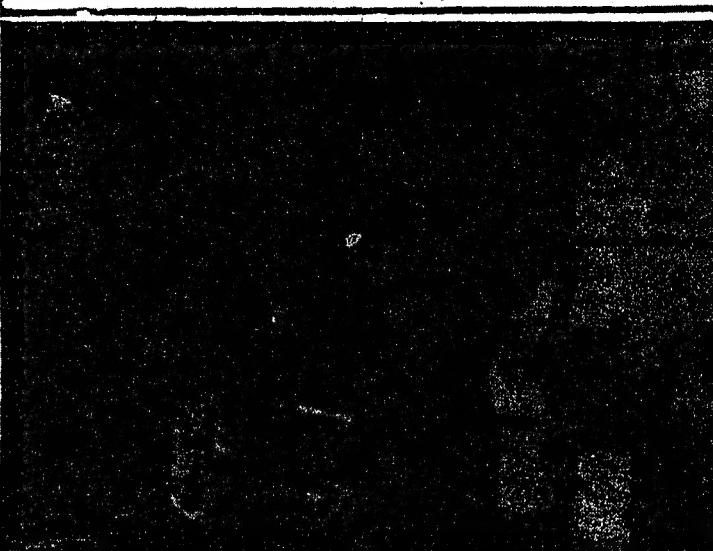

Chairman Glenn Lewis said the present plans will be given to the University architect, John Latenser and Sons, for a tentative drawing. The committee will not meet until Latenser submits a plan for the building.

## Editor Announces Picture Deadline

The Tomahawk office has asked all seniors to have their yearbook picture taken at the Colvin-Heyn studio, 1807 Farnam St. No pictures will be taken after next Tuesday. All students have been given appointments for the photo.

Any January, June or August graduate who does not have an appointment must contact editor Donna Smith in the Tomahawk office. Seniors failing to have pictures taken by Tuesday will be excluded from the senior section.

Proofs may be picked up in the Tomahawk Office three days after the picture has been taken. Pictures cannot be taken out of the office.

Maguire and Miller . . . dig through the tennis court to lay dirt.

## No More Fun in Sun

When the library comes, tennis will go at the University.

The proposed plans for the library show that the new building will cover the present site of the cement tennis courts. Jack Adwers, superintendent of buildings and grounds, reported that there are "no immediate plans" for replacing the courts on the campus. The present courts were laid in 1950 "on a temporary basis. The slabs of concrete weren't tied together with wire to insure level courts," Adwers explained.

Monday saw the beginning of the end for OU tennis enthusiasts. Two men from the Omaha Testing Laboratories began "ground work" on the soil beneath and around the courts. The men, soil technicians Frank Maguire and Kenneth Miller, took soil samples from 21 places on the proposed library site.

When the present campus was laid out in 1936, the area including the courts and the stadium was a gully. The technicians must determine whether or not the soil is good enough to bear the weight of the library building. According to Maguire, the library will have to be built on piling if the land is not "strong" enough.

The men are taking samples every two feet to determine where top soil ends and good hard soil begins. In some places it was necessary to dig to a depth of 20 feet. Using a soil logger similar to a post digger, the men put separate samples in individual containers and marked the location of the sample on the label.

## Students Gain TV Know-How

Television has its behind-the-scenes advantages agree the eight University students who work at WOW-TV. Work not to be considered in its strictest sense, takes up to forty hours for some students. While no University credit is received, most of the students are speech or journalism majors, so that the background will always be valuable.

Franks during rehearsal somehow manage to disappear into the "right finish" for the actual show. Cameraman Dick May, who probably works the most hours, knows the importance of teamwork needed to produce a smooth show.

Lighting and cues are handled by floorplan operators Harold Winslow, Lyle Nicklen and Lew Radcliffe, who also works as cameraman.

Read Nielson, audio engineer, handles voice. Bob Stratbucker, transmitter AM engineer keeps both the radio and TV station on the air. Barb Galloway, home ec major, assists Connie Cook in her kitchen program.

Anyone with a yen for action need only dial in for Dick Palmquist as Major Action on "Stand by for Action." He announces several programs, too.

When asked to repeat some of the unusual incidents behind scenes, only sly grins resulted. Comments, not out of the way to the public, often mean more to the camera crew. Those sly quips sometimes send "the boys" into near hysterics.

### UNCLE MELTY

### College Students 'Red' Bloodhounds

Irrked by the ringing of carillon bells, a Colorado U student sued the board of regents for \$1,000 for "mental damages."

But despite testimony of friends who said he had become "ill-tempered" since the bells began to ring and a University psychologist who said, "prolonged stimulation could have such effects," student Glen Groenewold lost his case before the campus court.

Groenewold, business manager of the Colorado Daily, charged, "The noxious bells . . . distract me while I work, disturb my work schedule, and have caused me great mental and emotional damage." One day, he said, upon hearing the bells he tore up a report which had taken him several hours to compile. Perhaps his most disagreeable experience, was when the bells played "Hold That Tiger."

New York law students have been offered a chance to do "volunteer laboratory work" by hunting Communists for the government. Forty-eight students, including three women, are now working part-time without pay in the offices of U. S. attorneys in Manhattan and Brooklyn.

They are the first to participate in a plan begun by Attorney General Herbert Brownell. The scheme eventually will be extended until college students are hunting Communists part-time in each of the nations 94 U. S. attorneys' offices.

## By The Way

On the recent church fire in Omaha—Danny Langevin complained that of all times to have a big fire, it had to happen when he needed sleep.

A big scream issued from the Gateway office when a picture was taken. It seems, wonders of wonders, that the girls weren't ready. Unusual, isn't it?

This is the time that try men's souls. Or is it cold feet? The complaints on Monday: "Boy, it's rather cold, isn't it?" On Tuesday: "I'm freezing." On Wednesday: "Froze."

A shipyard worker was teaching a new lady riveter what to do. "I'll hold the rivet," he said, "and when I nod my head, you hit it with the sledge hammer."

She did. He left a widow and three children.

## International Roundup

### Netherlands:

Students no longer will receive reduced rates at Amsterdam's City theater. The management says that, despite continued warnings, students would not content themselves with the seats assigned them and often climbed over the ballustrades to sit in better ones.

Korean colleges, for two years exiled in Pusan, have returned to their old homes in Seoul.

Scenes of devastation greeted the returning Universities of Ewha and Chosen Christian. At Ewha, students found the two top floors of the administration building gone, and every building was in need of window glass. But, dilapidated or not, the old campuses were a welcome sight. Students and faculty members moved by boxcar every bench, table, and scrap of lumber for the improvised campus huts and shacks made from crating lumber.

Austria:

A "milk campaign" is now being tried out at the University of Vienna, Austria. All students have been given the chance to drink milk between lectures at reduced prices. If the campaign meets with student favor it will be tried out at other universities.

Brazil:

Students of Brazil, 40,000 strong, staged a three-day general strike in protest against increasing attacks on personal safety and freedom of the press. Direct cause of the strike was the murder of a student who was working as a newspaper editor.

## A Decision To Make

The decision to make the 1954 Ma-ie Day parade part of Omaha's Centennial celebration has been given to the presidents of all campus organizations. In its meeting Monday afternoon, the Student Council decided to refer the question to campus leaders at the regular Prexy Party next Wednesday. Then the Council will act upon the recommendation of the collective presidents.

So this week it is up to the Gateway to urge all organization heads to attend the meeting, air their views and to vote for the Centennial theme for this year's parade.

These campus leaders need not be reminded that the University, as an integral part of the city of Omaha, should participate in this community event. The Gateway believes that the Ma-ie Day parade offers the most opportune time and place for the students of the University to display their interest in their city.

Since the presidents will be speaking as representatives of their groups, it would be well if individuals in each organization expressed their opinions to their president before the Prexy Party. Thus, virtual "student opinion" will determine the University's part in the Omaha Centennial.

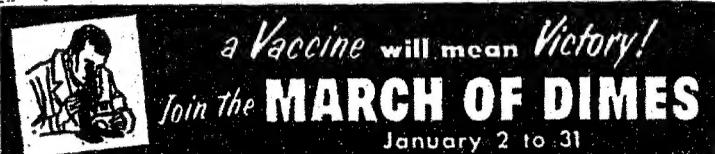

## Musical Salute

While OU students decide their part in Omaha's hundredth anniversary, the Centennial Celebration opens officially tomorrow. The Centennial Music Festival will be held at the City Auditorium at 8 p. m. tomorrow and Sunday.

More than 800 high school students will participate in an all-city chorus, orchestra and band. Three musical leaders of national recognition will direct the groups.

Admission is by the Omaha Centennial ticket book or by tickets available at the box office of the auditorium.

Why not help make the opening event a success? A good start will insure a bigger success for the whole year.

# OU Cagers Still Remain In Slump With Losses to Peru, Maryville

By Bob Peck

It was a bad weekend for the Omaha University basketball team. That about sums up the situation as the Indians suffered setbacks at the hands of Peru and Missouri State Teachers.

The Peru tilt on the Bobcat floor resulted in a 77-75 reversal for the Omahans. After leading by a 20-10 score at one time in the first period, the Indian margin was sliced and finally at the end of the quarter, the Peru team knotted the score 22-22. This was all for OU, as the Bobcats never relinquished the lead.

At the end of the first half, the Indians were on the short end of a 45-38 margin.

Omaha managed to narrow the gap to two and three points near the end of the game, and at one time appeared capable to catch its opponent.

#### Winning Basket

Trailing by three, Indian John Morse was fouled and awarded two free throws. Morse missed the first but hit on the second. This cut the lead to one basket, but in trying a full court press, a Peru player was left unguarded under the basket and promptly dunked the winning basket.

Monday night a strong Missouri State Teachers five drubbed OU in the West Dodge Fieldhouse by a 67-55 score.

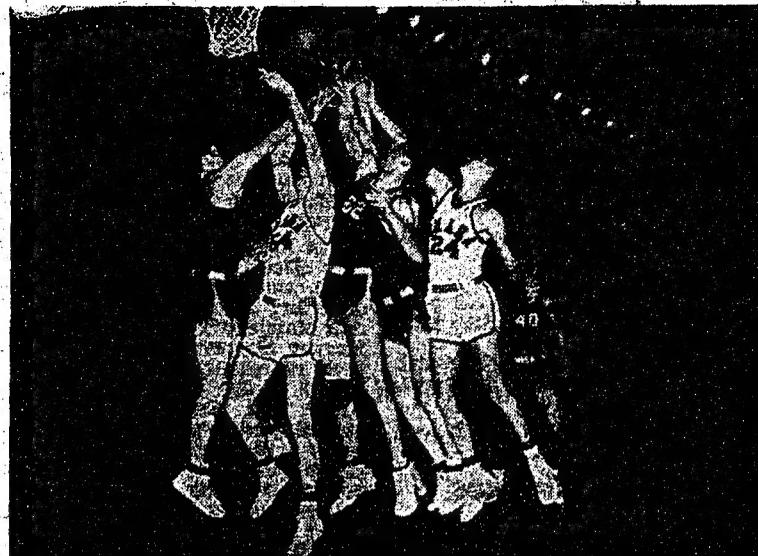

The Bearcats put on the best shooting exhibition that Omaha fans have seen this season, but connecting on approximately 50 per cent of their shots.

On the other hand, the Indians were frigid and managed only 22 counters the first half.

The Omaha five had the hustle, but just couldn't seem to find the range against the Missourians, while, on the other hand, the Bobcats had just as much trouble missing.

#### Duo Faces Teachers

The double barreled attack of Ono Monnochino and Darryl Flint was too much for Omaha.

Omaha's Don Claussen (54) and Lee Nelson (24) battle for a rebound in '53-'54 loss to Missouri State.

## First Track Meet Planned for March

With the indoor track season quickly coming on, Coach Ernie Gorr has been stepping up the workouts for his cinder candidates. The turnout so far has been pretty good, but Gorr still hopes that more men will check out equipment.

Gorr announced that he wants each man working out now to give him the times of each day that he can work out. This way, Gorr can have more organization in the workouts no matter what time of the day it is.

Gorr added that there will be regular track squad meetings every Thursday from now on at 4 p. m. in the locker room.

He said the first indoor meet of the 1954 season is tentatively scheduled with Wayne (Neb.) State Teachers College and Northwest Missouri of Maryville, Mo., sometime in March. The triangular meet will be held in the Omaha Fieldhouse, as will all the Omahans' indoor meets this year.

## Papooses Win, Lose Contests

Coach Larry Johnson's reserve basketball team fared a little better than the varsity in its last two games. Last Friday, the Papooses edged the Peru B team, 62-56 for their fifth win of the year against two losses. The Omaha regulars dropped a 77-75 decision to Peru in the final game.

Behind 34-23 at halftime, the Papooses rallied throughout the last half to pull out the victory. Center Howard Baker, with 16 points, and Dick Mackie, with 14, paced the Omahans. Mackie collected nine of his points during the rally.

On Tuesday night, the Offutt Air Base team defeated the Omaha reserves for the second straight game this year, 61-57. The OAB squad won 58-40 in December.

The second game was much closer, with the Papooses trailing by only one point, 28-27, at half-time.

## Simpson Next Foe Expect Hard, Fast Play

With the toughest half of its schedule remaining, Omaha U will be confronted with somewhat of a breather Tuesday night when the Indians tackle Simpson College at Indianola, Iowa.

Although the Redmen have always been a problem to the Omahans, they have not beaten OU since January of 1951 when they escaped with a 63-57 victory on the Fieldhouse floor.

Last season, Omaha U won both games from the Redmen, 76-74, and 88-68, the latter on the Simpson court.

#### Vets Will Start

The sputtering Omaha attack, which has yet to function at top speed, will be counting on its three main cogs, Fred Shinrock, Bob Mackie and Don Claussen, to put the Indians on a sustained win streak.

The probable nominees for the other two starting berths are Bob Moscrey and Lee Nelson.

If the Indians are to attain a plus .500 mark this season, much of the burden falls on the shoulders of the Red and Black reserves who so far this season have seen only limited action. Second-stringers who have shown their varsity ability are Tom Mosiman, Don Hansen, Gary Whiteman and Stan Schatzle. Other top prospects now starring on the junior varsity are Howard Baker, Don Meade and Bill Petrick.

Senior Tony Roth appears capable of lengthy first team play but the rugged football end has been handicapped by a grid ankle injury.

The outstanding underclassmen hope is tiny John Morse, 5-6 freshman hotshot from Beson, who has shown flashes of varsity form, especially in a pressing attack.

Harry Johnson's two free throws in an overtime period enabled Pi Kappa Alpha to take 34 to 32 victory over the Pawnees. "Bugs" Redden of the Pawnees had sent the game into overtime with two fourth quarter baskets.

#### Lainson Scores 40

Lambda Chi rolled to a 75 to 34 win over Phi Beta Chi. Bernie Lainson sparked the team to victory by making the record total of 40 points.

Theta Chi took an easy victory from Lambda Chi 51 to 27 to remain undefeated. Merlyn Fratt led Theta Chi with twenty points.

The PE Majors swept by Phi Beta Chi 38 to 17. The Sigma Phi Epsilon-ISA game has been rescheduled.

#### ISA Holds Lead in Bowling

ISA remained on top in intramural bowling. The team has lost only three games all year, and they have their sights set on an intramural bowling record. Bill Shanahan holding a 151 average, and Don O'Keefe with a 141 average have been the big factors in ISA's success.
